Notre Dame High School Family Service Hours Program

In accordance with the Notre Dame tradition of service and family, the school asks for the involvement of each student's family in various activities that serve the needs of the school and help to build a sense of community.

- Each family is expected to perform volunteer service for the benefit of Notre Dame and its programs. Families must complete a minimum of 20 service hours during the 2018-2019 school year, from June 1, 2018 through May 11, 2019. Excess hours accrued in one year do not carry over to a subsequent year.
- Each family is responsible for keeping a record of hours and for submitting the log sheet to the Main Office prior to May 11, 2019.
- Live Scan Fingerprinting and a certification of completion for the online course "Protecting God's Children® Online Awareness Session 3.0" are required for all volunteers working directly with students. Please refer to the school website for more information.
- At anytime, a family can opt out of the program by paying \$25.00 per hour owed.
- Volunteer opportunity are posted throughout the year on the school's website.
